

ALOHA from Burma (Myanmar)

January 10, 2005

This month, I just want to thank many people who have helped me along my studies and career. I have been blessed to visit many interesting places in the world. That would not have been possible without your help and support. I just want to thank:

First Baptist Church --- for helping me all along. For a trip to Navajo Reservation Land in New Mexico with Campus Ministry of Indiana-Purdue University in Fort Wayne.

Dr. Neil and Diana Sowards --- Friends of Burma brought me to the States to study and share my experiences with the Burmese.

Dr. David and Doris Horton --- whose humor I enjoyed very much. Thanks for arranging my trip to Arizona.

Dr. Adam Maung and Tansy J. Kadoe --- who have always helped me with everything I need and everything I bugged them for the needs in Burma. And for a trip to Grand Canyon. I enjoyed driving their truck to Grand Canyon.

Mehm and Ruth Tun Thein --- for opening their home so I can have a glimpse of Thailand and many Mon and Karen villages along the Thai-Burma border.

Many Other Friends --- if I keep on counting, I will probably fill this whole page. Thank you all. Thanks to Auntie Htee Mu and Burmese Christian Fellowship in Fort Wayne, Indiana, USA. Thank you Ko Maung Win and friends for a trip to Canada. Ko Aung Htoon for many hours of driving across America, accompanying me. Ko Maung Win, Auntie Winsome and family in Fort Wayne, Indiana for many dinners I ate at their house while my stay in Fort Wayne.

Lwin Moe at a house on the Thai-Burma border, Sangklaburi, Thailand

Oh, in a new year, I have found a new home, well, of course, on the Internet. This will be my new home page: <http://lwinmoe.friendsofburma.org> Thank you, Friends of Burma for hosting my site. It's more relevant because I have Burma related stuff and diary. It will probably be my

permanent home as long as Friends of Burma keeps the domain ☺ Thank you Saw Htaw and Neil for hosting my site.

Me and my students at a Laos temple. The Australian lady is not my student. She works for UNDP and was here to interview my students about Digital Divide Data (www.digitaldividedata.com)

May God bless you all!

Love in Christ,

Lwin Moe
